Agricultural Use Only

Product Information:

Tactical Ally is an auxiliary soil and plant substance.

Directions For Use:

Tactical Ally is compatible with most agricultural chemicals and nutrients; always establish compatibility using stand jar test prior to mixing. Fill Tank Capacity to 50% under continuous agitation, and add recommended amount of Tactical Ally along with other approved components.

Application Rates:

| | | | |
|---------------|-------------------|---------------------|----------------|
| Foliar: | 16-32oz per acre | Irrigation systems: | 64 oz per acre |
| In-furrow: | 8-32 oz per acre | Side dress: | 64 oz per acre |
| 2x2 Starters: | 16-32 oz per acre | Soil broadcast: | 64 oz per acre |

Tactical Ally may be applied directly to foliage on a wide range of agricultural crops. When using spray volumes of 50 gallons per acre or greater, use the higher labeled spray rates. Tactical Ally may be soil applied with starter fertilizers, by drip, sprinkler, pivot or flood irrigation, and may be blended with fertilizers. Application rates should be determined according to recommendations of your approved nutrient management plan. Consult your Donny's Specialty Fertilizer representative should additional questions emerge.

Conditions of sale: Donny's Specialty Fertilizer warrants that Tactical Ally conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use conditions. Crop injury, product use ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the seller. All such risk shall be assumed by the buyer/end user.

Storage: Store in a dry place above 45° F and below 120° F out of direct sunlight. Keep container sealed tightly when not in use. Shelf life is two (2) years.

Density: 8.5 lbs per gallon @ 68°F.
 Net Contents:
 O 2.5 gallons (9.46 liter)
 O 275 gallons (1040.98 liter)
