Agricultural Use Only

Product Information:

Tactical K is an excellent, 100% water soluble nutrient source with nearly 2 lbs of available potash, and over 0.5 lbs of available phosphate.

Directions for use:

Shake well and/or agitate before each use. Foliar applications should be diluted with water before application. For best results, foliar applications should be carried out in the morning, evening, or night. Do not apply during excessive heat or when the plant is under stress. Do not spray to the point of runoff. Allow 4 hours after application before sprinkler irrigation to avoid washing off the product. Tactical K is compatible with most agricultural chemicals and nutrients, but always establish compatibility using a standard jar test prior to mixing. Consult your Donny's Specialty Fertilizer representative prior to application.

Application Rates:

Foliar: 2 quarts-2 gallons/acre

Soil: 1-5 gallons/acre

Tactical K may be applied as a foliar fertilizer on a wide range of ornamental, greenhouse, or other agricultural crops. When using spray volumes of 50 gallons per acre or greater, use the higher labeled spray rates. Strategic K may be soil applied by drip, sprinkler or flood irrigation and may be blended with other fertilizers. Application rates should be determined according to recommendations in your approved nutrient management plan. Consult your Donny's Specialty Fertilizer representative prior to application.

Conditions of sale: Donny's Specialty Fertilizer warrants that Tactical K conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use conditions. Crop injury, product use ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the seller. All such risk shall be assumed by the buyer/end user.

Density: 10.8 lbs per gallon @ 68°F

Net Contents:

○ 2.5 gallons (9.46 liter)

○ 275 gallons (1040.98 liter)
